Speedway Business Card Program

The Speedway Business Card allows you to simplify your fleet's fueling while saving your business time and money.

When it comes to purchasing fuel and maintaining your company's vehicles, the Speedway Business Card can help you cut administrative time and expenses, all in one easy to use card program.

Increased Security

Driver ID and Odometer reading are required at the point of purchase, adding an additional level of security to your card program.

Total Control

Comprehensive monthly and year-to-date reporting helps you more effectively monitor driver purchase behaviors while reducing unauthorized spending.

Cost Savings

Save administrative time by eliminating sorting through receipts and reimbursing drivers. You'll have the tools you need to cut your administrative costs, easily tracking every gallon of fuel purchased by your drivers.

Powerful Online Tools

With Speedway online, it's easy to manage your account any time or the day no matter where you are. Get detailed data on transactions and purchases, add or delete a card or driver, update your purchase controls and more.

Real Time Fleet Management

Get access to key online services anytime, anywhere with the new Fleet SmartHub app. Avoid late fees, spot card misuse quickly, prevent going over credit line and get immediate control over lost or stolen cards.

Best-In-Class Customer Service

Friendly, trained representatives are available — 24 hours a day, 7 days a week — to assist drivers and managers with questions.

Tax Exemption & Reporting

For qualified businesses, we bill net of applicable taxes due when permissible.

Speedway Business Card Program

Fleet Manager Online: An essential tool to manage your fleet of vehicles.

Speedway Fleet Manager offers a suite of reporting capabilities. Our specialized fleet management reporting gives you the power to save money, cut administrative time, comply with tax regulations, plus much more!

Standard custom reports give you the information you need to more efficiently run your business...

Purchase Activity Report (PAR) – Compile information on all fueling and maintenance purchases made – for hundreds of vehicles or just a few.

Premium Custom Reports – Select your criteria to generate ad hoc, real time reports: Exception, Transaction, Summary, and Transaction Detail reports. Export these reports directly into your own spreadsheet, to easily analyze and share your data.

Summary Reports – Use our Financial Summary, Site Summary and Exception Summary reports to manage your vehicle-related expenses and plan your fleet budget.

Tax Exemption Reports – For qualified tax-exempt fleets, monthly report packages provide tax information at both the transaction and summary level, and will include all tax exemptions that can be applied to your account under our program.

Minority and Women-Owned Business Report (MWOBE) – A quarterly report, summarizing by fleet account and month, transactions, gallons and dollars spent at MWOBE fuel and service locations.

Other features of the Speedway Fleet Manager Portal Include:

- Access your account **anytime** through our secure online application
- Add, delete or update cards and drivers **immediately**
- **Eliminate** the burden of writing checks by paying online
- View purchase **details** as they post to your account
- Use **purchase controls** to help prevent unauthorized purchases – you set the rules for how much, how often and when your drivers buy, and receive real-time alerts whenever a purchase exceeds your limits.

Speedway Business Card Program

Better understand your fueling with detailed reporting.
 Comprehensive reporting does the accounting for you.

The Purchase Activity Report compiles all transactions into one easy-to-read report, allowing you to quickly know where and when every purchase is made and by which driver.

CONVENIENCE – Easily track fuel and non-fuel purchases on one report.

CONTROL – Reduce fuel costs by managing fuel types.

SECURITY – You know who buys what, where and when.

EXCEPTIONS – Purchase exceptions are flagged helping to prevent abuse.

VEHICLE PERFORMANCE – Both cost per mile and miles per gallon are calculated so you can track vehicle performance at a glance.

COST SAVINGS – Administrative time is reduced and fiscal reporting is easy with month-to-date and year-to-date reporting.
